

ESS EQUIPMENT KENYA

EXPERIENCE THE SUPPORT

COMPANY PROFILE | KENYA

ESS EQUIPMENT KENYA

EXPERIENCE THE SUPPORT

The story of Kanthu N'khama is an African folklore tale about a small bird that flies into a dark forest and overcomes challenges to emerge wiser and more resilient. It is the story of how 'Hard work pays off' and is the inspiration behind Kanu Equipment. Launched in 2012, Kanu Equipment and its hummingbird logo stands for the 800 men and women across Africa that live by the founding values of integrity, flexibility, continuous improvement and exceptional customer service.

OUR VISION

At Kanu Equipment we pride ourselves on our ability to provide top-of-the-range machinery, world-class maintenance teams and high spare part availability across 17 countries in Africa.

OUR VISION - To be the most supportive dealership across the African continent.

OUR MISSION - We aim to reduce the cost of operations on the continent by providing innovative solutions and access to a wide range of genuine OEM replacement parts.

Our entrenched relationships with **Liebherr, Bell, CASE CE, McCloskey, Superior,** and **Kemach Forklifts**, and our competent, highly skilled service technicians puts us in the prime position to offer the very best customer service and support.

Our vast experience in underground and open cast mining affords us the utmost confidence to support any operation in the toughest of African climates and territories.

Our facilities are professionally staffed and well-equipped to support you when and where it matters.

OUR VALUES

We will not compromise our values, ethics, integrity, passion or professionalism in our dealings with all stakeholders.

ACCOUNTABILITY

We are involved, responsible and dedicated to our organisation, its investors and our customers.

INTEGRITY

We are committed to being honourable and disciplined.

COURAGE

We are bold, always striving to believe in bigger and better achievements.

INNOVATION

We are determined to find the best available solutions to solve problems quickly and effectively.

SUPPORT

We are in the industry of service and know that our primary focus on offering the very best levels of support is what sets us apart from our competitors.

LEADERSHIP

We endeavour to work smartly, always finding ways to improve our service offering, to do more – faster.

PARTNERSHIP

We try to find common ground in all our interactions, as we all like to work with people that we can relate to.

COMMITMENT

We are deadline-driven to achieve maximum productivity on all levels.

OUR RAPID EXPANSION

Kanu Equipment began its work in 2012 and the company's reputation of providing strong customer support and reliable equipment and spares is expanding into Africa and even further across the globe.

 **2012**

Kanu Equipment was founded in the CONGO with the purchase of a much sought-after Liebherr dozer, the first of its kind in central Africa.

 **2013**

Dealership rights for LIEBHERR Earthmoving and Mobile Cranes and BELL were awarded.

 **2014**

Opened the IVORY COAST and GHANA dealerships.

 **2015**

Branched into SIERRA LEONE, LIBERIA and CAMEROON and adopted the WIRTGEN brand.

 **2016**

Took ownership of the BOTSWANA dealership and claimed a 50% stake in the ZIMBABWE branches.

 **2017**

Expanded into KENYA and TANZANIA and adopted the CASE IH and CASE CE brands in certain territories.

 **2018**

Took ownership of the NAMIBIA dealership.

 **2019**

Took ownership of the DRC dealership and adopted the MANITOU brand in Botswana and NORMET brand in certain territories.

 **2020**

COVID OUTBREAK didn't break the Kanu spirit and we continued strong throughout the pandemic so our customers could "Experience The Support"

 **2021**

Expanded into UGANDA and RWANDA

 **2022**

Kanu Equipment turns 10 years old - and going strong

 **2023**

Acquisition of KEMACH EQUIPMENT South Africa. Expanded into ZAMBIA. Adopted the MCCLOSKEY brand in certain territories and NEW HOLLAND for South Africa ONLY.

 **2024**

Adopted the SUPERIOR brand in certain territories. Expanded into Mali.

2025 & BEYOND

With our continual support and hard work in earning our OEM's and Customer's trust, there are no limits to where Kanu Equipment can go from this point on - The Bird has spread it's wings and there is no stopping it now.

Our Vision "To be the Most Supportive Dealership on the African Continent" is currently being realised.

MINING

With 50 years' experience in design, manufacturing and support of mining machinery, **LIEBHERR** works tirelessly to provide options that add value and can be adapted to customers specific requirements. Quality, reliability, and innovative technologies ensure that mining operations are safe, time and cost efficient at all times – even under the toughest of conditions.

LIEBHERR offers a well balanced range of hydraulic excavators. Beginning with the compact excavators to medium sized machines all the way up to large machines for the mining industry. Due to their state-of-the-art technology, **LIEBHERR** excavators set new standards in performance, environmental friendliness and ease of maintenance.

LIEBHERR strives to meet the highest expectations by providing exceptional service and high-quality interaction, all over the world.

EARTHMOVING/CONSTRUCTION

In the area of earthmoving, **LIEBHERR** offers an extensive program of hydraulic excavators and duty cycle crawler excavators, crawler tractors and wheel loaders. Highest quality standards are achieved by in-house production of main components.

These components include, for example, the drive and control technology systems comprising of diesel engines, hydraulics and gearboxes.

A full international service network ensures qualified customer services at every operational site along with the supply of original spare parts.

- ARTICULATED DUMP TRUCKS • LOW PROFILE ADTs • MOTOR GRADERS
- ARTICULATED HAULERS • TRACKED CARRIERS

MINING/CONSTRUCTION

While reliability has become synonymous with **BELL**, the main reason that they're the best ADT sellers in the industry is that they simply deliver the lowest cost per ton. The flagship B50E and B60E ADT has been specifically designed for mining and, together with an ideally-matched Excavator, strengthens **BELL'S** product offering and support to this sector.

Their comprehensive range also includes; Low Profile ADT's (for underground mining), Motor Graders, Articulated Haulers and Tracked Carriers.

BELL'S flexibility, technical know-how and 50 years of providing tailor made, innovative solutions and support ensures absolute peace of mind, not to mention the performance leadership, safety, ease of operation and fuel efficiency of their wide equipment range.

- CANE LOADERS • LOGGERS • HAULAGE TRACTORS

AGRICULTURE

BELL was born into the sugar industry and our agricultural equipment range remains an integral part of our business. Our focus is to provide innovative agriculture machinery that contributes to pioneering solutions for the agricultural markets.

FORESTRY

BELL Equipment's presence in the forestry sector dates back to the 1960s when the **BELL** Tri-Wheeler was adapted as a versatile Logger by fitting a robust timber grab.

CONSTRUCTION

CASE CONSTRUCTION Equipment is built on the principle that simple is better. Our equipment is an evolution of fine-tuned products designed to solve real world challenges. Every customer experience begins and ends with support from people at a company with a heritage of strong values and steeped in more than 175 years of knowledge.

As your business grows ever more complex and competitive, we're here to provide you with versatile, productive machines and reliable support so that you can spend time on what matters most – running your business. To us, Experts for the Real World is more than a slogan – it's our rallying cry. It's why customers count on **CASE CONSTRUCTION**.

CRUSHING/SCREENING

McCLOSKEY International leads the screening and crushing industry with a complete line of mobile equipment including: crushers, screeners, trommels, stackers/conveyors and washing systems. Built with power and durability the products are deployed to a wide range of industries which include compost screening, aggregates processing, waste recycling, construction & demolition, landscaping and wood recycling.

Since the company's inception in 1986, **McCLOSKEY** International has been a pioneer in design and innovation, with patents granted on many of its designs, including radial stockpiling conveyors and the lift-axle mechanism for maximum stockpiling flexibility.

McCLOSKEY trommels high production rates, versatility, ease of use and unrivalled strength has ensured the popularity with top soil producers, contractors and landscape supply operators.

- CRUSHING • VIBRATORY • SCREENING • CONVEYING • WASHING
- FUSION MODULAR PLATFORMS • CONSTRUCTION MANAGEMENT • PORTABLE PLANTS
- SHIP LOADING CONVEYORS • CONVEYOR PARTS

BULK MATERIAL PROCESSING/ HANDLING

SUPERIOR INDUSTRIES provides equipment options that include both movable/portable units and stationary units, to suit different operational needs.

- **Mobile / Portable Machines**

They offer mobile screening plants (portable vibratory plants) that can be moved from site to site.

They also produce mobile conveyors such as the RazerLink® Mobile Conveyor with tracks or tires, capable of relocating on site.

They have developed mobile ship-loading conveyors that include truck unloading capability – i.e. multi-purpose mobile systems.

- **Static / Stationary Machines**

In their conveying equipment portfolio, they list stationary conveyors (stationary truck unloaders, in-plant conveyors, stationary stacking conveyors) in addition to mobile conveyors.

They also design static screening machines (e.g. horizontal / inclined screens) used in fixed installations (“static producers”) and have made design enhancements for static applications.

MATERIAL HANDLING

The **KEMACH FORKLIFTS** range, in partnership with Anhui HELI CO., LTD, will complement our existing quality earthmoving products. The range offers customers a South African forklift warranty first – a five years/12,000hr warranty on the complete machine, and not just on certain parts of the machine.

Anhui HELI CO., LTD is the biggest forklift manufacturer in China and complies with all European standards as well as being ISO approved.

The **KEMACH FORKLIFTS** range has Japanese engines, Anhui HELI CO., LTD built ZF transmissions and robotically manufactured chassis, ensuring premium brand quality at very competitive pricing for the materials handling markets.
